(Cure new asphalt 14 to 21 days)

Warranty: Up to five (5) years

Rebound Ace Grand Slam is simply the best - played on by the world's top professional players, installed at many of the World's best tennis venues and used at Melbourne Park for the Australian Open for over 20 years. With these accolades it's not surprising to find a growing number of Clubs and Associations, hotels, resorts, and private residences around the world choosing to install a Rebound Ace Grand Slam sports surface.

Leading Australian Tennis Coach Tony Roche in 2007 says "**Rebound Ace** is the only surface on which I can play a hard three set match, with no back or leg aches, and walk off the court feeling as if I could still play another best of five".

REBOUND ACE GS 8mm *Your Tennis Advantages*

Rebound Ace Grand Slam is a resilient cushioned polyurethane - acrylic composite surface designed to be easy on the body, while still providing a range of ball speeds from slow to medium fast, consistent ball bounce and accurate ball response.

Rebound Ace Grand Slam provides a high performance surface for professional, amateur and social tennis. The resilient cushion provides a sure comfortable feel underfoot, is easier on the body than hard court surfaces, reduces fatigue and allows you to play longer and more often.

The acrylic Topcoat playing surface applied over the resilient Rebound Ace Cushion is a result of over 20 years experience of Australian and Overseas exterior exposure in a wide variety of climatic conditions with outstanding success unsurpassed by any other coating.
